DAILY TRIBUNE.

CITY OF CHICAGO.

TUESDAY MORNING.....MARCH 6, 1855.

THE LAW AND ORDER TICKET.

We present to the citizens of Chicago, this morning, the full ruling Ticket, which has been unanimously agreed upon by the Friends of Law and Order. It embraces more real genuine merit, than was ever placed together on one Ticket in this city. The array of such names shows how earnest are the efforts of our best citizens to rid the city of those who have brought the Judicial of our Police, and protected its vicious portion.

We need scarcely say, that these never lost chance at election in Chicago which involved the public morality so much as the one which takes place to-day. It is a contest between Religion, Liberty, Law and Order on one side, and Romanism, Profanity, Drunkenness, Rum, and their concomitants, on the other. We sincerely have hope it will result, for it is manifest that it is our duty to the United States to the power of bad men in Chicago. If they succeed, nothing short of Divine Interposition can save the city from moral and political ruin. The original Canadian, Thirteen, Rum officials and Rumsellers, Firemen and Pauper-makers, and all the off-scourings of the haunts of prostitution in the city, is appealing, and we have an abiding faith in the justice of our cause, and hope to overcome them.

The final issue of this city never was put before whose interests are of so vital importance, and if it somehow fault is not of the magnitude to this occasion, it still again triumph. We appeal to every parent who has children to grow up in this city—to every high-minded man who has the welfare of his fellow men at heart—to all true supporters who seek a just administration of our municipal affairs, to come up and vote in accordance with their convictions of duty.

TO INSPECTORS OF ELECTIONS

The Law intends Inspectors of Elections with extraordinary powers. This is necessary in order to guard the purity of the Ballot Box. Try by no other means is the secrecy of the vote and the freedom of elections under our Constitution, and the Inspectors are the guardians of both. Their duties are plain and clear, for upon the faithful performance of them depends the preservation of the Constitution and all civilized Society.

No man should be permitted to vote, if the Inspectors have reason to believe he is not entitled to the franchise. If he SWEARS falsely, take the lie, be what he may, he must not vote. If they are satisfied he would do so falsely, if he dare to vote, where a person offers to take the oath, the first obligation is to the truth, and then of the people, as well whatever to identify the person, so that if a prosecution be commenced it may not prove a mockery.

Inspectors are not appointed to register Tithe Officers, but they have authority to prevent illegal votes, and they may refer that the oath of every challenged. If it permits the free passage of votes, it fulfills the duty.

DATES TO BE REMEMBERED TO-DAY.

The following dates in March should have been in black type and admired:

Jamin.

We have protected and fostered, and have and will protect and foster the Habitat of Pirates.

Jamin.

We have passed upon Foreigners over Native Republicans, voted vote and damned them.

Jamin.

We say we, in this country, prefer the Irish Judicial distinctions of the evening sentry?

Who are the chief Gladiators against the American vote? Professor parry in the closing debate?
